Look Out For The Overcoat Manhole

Because prices have dropped a whole lot of Men are going to make the mistake of paying too low a price for Overcoats.

They are, for example, going to pay \$21 when they should pay \$30—and along about January when their bargains pass their dividends they are going to be a dissatisfied lot of cold citizens.

Why isn't it better to insure your next winter's comfort now by trading safe?

Michaels-Sterns Overcoats and Patrick Overcoats \$25 to \$40. Don't go lower—it's slippery down there.
